EXTRACTION

LIQUID

CARPET AND UPHOLSTERY CLEANER & DEODOURISER

Extraction Liquid is specifically formulated to clean all types of carpet and fabrics in vehicles and offices. It is ideally used through an extraction machine where the blended alkalis and surfactants are benefited by the turbulent and sucking action of the machine. The product is non-foaming designed to be used without antifoam.

Extraction Liquid has a unique deodorising agent to freshen seats, carpets and roof linings that are stale and damp. We have also incorporated a **colour enhancer** to brighten the natural colour of the fabric. Puzzled? - Try it, it really works.

Extraction Liquid has a mild formulation so as not to effect dyes but is strong enough to remove heavy stains. It can be used as a spotter for bad marks prior to extraction.

BENEFITS:

- Excellent soil removing capabilities.
- Fresh, very popular fragrance to deodorise the vehicle
- Colour Enhancer to brighten fabrics.
- Fabric softener to condition the fabric
- Non-Foaming product - Ideal for extraction Machines.
- Antifoams not required.
- Very economical to use.
- Available in 5lt, 20lt and 200lt drums.

PRODUCT CHARACTERISTICS:

Clear liquid with a light purple haze. Fresh floral fragrance.

DIRECTIONS FOR USE:

- Add a 10:1 up to a 50:1 solution to the Extraction Machines Holding tank, depending on the degree of soil to be removed.
- For Spotting a neat or 2:1 solution can be used.
- Leave windows and doors open as long as possible to dry the fabric

HANDLING PRECAUTIONS

Not classified as dangerous. Simply wash splashes from skin with water. For splashes to eyes flush thoroughly with water. Non-flammable. Please consult Material Safety Data Sheet.
