## HEAVY DUTY ALKALINE DEGREASER

**REDBACK** is a concentrated, high-level caustic, degreaser designed to remove heavy grease, grime and heavy road film from engines, chassis and workshop floors.

**REDBACK** has a high concentration of strong alkalis, solvents, surfactants and sequestering agents to allow unprecedented removal of all soils.

**REDBACK** is a very effective product and will handle the toughest of degreasing jobs at an extremely competitive price.

### **BENEFITS:**

- Highly cost effective
- Pleasant Eucalyptus fragrance.
- Effectively removes heavy build up of oils and grease from any material. Be careful with paintwork and aluminium. Test a small area first.
- Can be used directly through a pressure washer. Easy to rinse also.
- Very rapid removal of tough grease and road grime
- Surfactants are biodegradable.
- Available in 5lt, 20lt and 200lt packs.

### **PRODUCT CHARACTERISTICS:**

Dark Brown clear liquid with pleasant Eucalyptus fragrance.

### **DIRECTIONS FOR USE:**

- Dilute cleaner with up to 50 parts water for routine cleaning.
- Use brush, mop or spray to apply.
- Allow to dwell to penetrate soils and agitate where possible.
- Rinse with high pressure or brush while water rinsing.
- For cleaning very heavily soiled areas, a concentration of 1 part REDBACK with only 3 to 10 parts water may be required.

### **HANDLING PRECAUTIONS:**

Avoid contact with skin and eyes - can cause irritation.

Do not take internally

Use a face shield or goggles, rubber gloves and other protective clothing as required.

In case of accidental contact, flood with water. If eye irritation persists, seek medical attention.

For further information, please refer to the appropriate Material Safety Data Sheet.
