## PREMIUM ALKALINE DEGREASER

**RIPP OFF** is a concentrated, but low caustic, degreaser designed to remove of grease, grime and stubborn road film from engines, chassis, bodywork and workshop floors.

**RIPP OFF** has a unique blend of alkalis, surfactants, natural solvents and sequestering agents to allow maximum removal of soils with minimum effort. Its versatility is exceptional and operators love using it for its safety and pleasant fragrance.

As soon as **RIPP OFF** touches the surface instant removal of soils is visible. Try **RIPP OFF** for all heavy duty cleaning jobs.

### **BENEFITS:**

- Safer than conventional alkaline degreasers. It is better for the operator.
- Highly cost effective
- Effectively removes heavy build up of oils and grease from any material.
- Can be used directly through a pressure washer. Easy to rinse also.
- Safe on aluminium, steel, glass and good quality paints and lacquers if used as recommended.
- Great for taut liners, fibreglass and plastic truck curtains.
- Surfactants are biodegradable.
- Available in 5lt, 20lt, 200lt, 1000lt and Aerosol pack.

### **PRODUCT CHARACTERISTICS:**

Bright Orange clear liquid with pleasant lemon fragrance.

### **DIRECTIONS FOR USE:**

- Dilute cleaner with up to 50 parts water for routine cleaning.
- Use brush, mop or spray to apply.
- Allow to dwell to penetrate soils and agitate where possible.
- Rinse with high pressure or brush while water rinsing.
- For cleaning heavily soiled areas, a concentration of 1 part RIPP OFF with only 3 to 10 parts water may be required.

### **HANDLING PRECAUTIONS:**

Avoid contact with skin and eyes - can cause irritation.

Do not take internally

As a precaution use a face shield or goggles, rubber gloves and other protective clothing as required.

In case of accidental contact, flood with water. If eye irritation persists, seek medical attention.

For further information, please refer to the appropriate Material Safety Data Sheet.
