SUPER SHEEN

HIGH GLOSS TYRE SHINES & LUBRICANT

SUPER SHEEN is a concentrated blend of silicones and solvent to provide an superior long lasting gloss to tyres, and plastics. It is very economical to use and is ideal for Tyre Stores, Car rentals, auctions and dealerships where presentation is important and value for money is demanded.

SUPER SHEEN dries rapidly and produces a high gloss sheen that does not wash off.

SUPER SHEEN can also be used as a silicone spray to lubricate door hinges, taut liner runners, conveyors, sunroofs and any thing that is designed to slide.

BENEFITS:

- High level of premium grade silicones.
- Can be brushed, wiped or spray applied.
- Long lasting shine on rubber and vinyl. Does not wash off.
- Lubricates for a squeak free, gliding operation.
- Very economical to use.
- Available in 20lt and 200lt drums.

PRODUCT CHARACTERISTICS:

Clear white liquid with a solvent odour.

DIRECTIONS FOR USE:

- Use as received.
- Spray or brush on to a dry surface. Re-apply if necessary or to further enhance the shine and longevity.
- For lubrication spray on to the area and work the product in by repeated opening and closing of the effected track of hinge.

HANDLING PRECAUTIONS:

Flammable.

Use in a ventilated area
