### Heavy Duty Vehicle Wash For Automatic Applications

**TROJAN** is a concentrated blend of complex cleaning agents to provide a heavy-duty truck wash that has real cleaning power. Designed specifically to remove dirt, soils, and general, grime from trucks, cars, boats, motorbikes, caravans and 4X4's.

**TROJAN** is a high foaming product that can be sponged, broomed or sprayed onto bodywork. It is designed for use through automatic car/truck washes where agitation is reduced and cleaning power is required to thoroughly remove soils.

**TROJAN** is highly effective in a touchless wash system and will remove carbon deposits and assists in removing Traffic Film on all types of materials including Tautliners. It has remarkable rinsing capabilities and will not streak when rinsed effectively.

#### **BENEFITS:**

- Effective cleaning agents - Quickly removes all dirt and road grime.
- Leaves a bright finish to all paintwork. No silicones.
- Free rinsing - No streaks
- High foaming - longer contact time
- Concentrated Formulation – cleans with minimal agitation
- Built in corrosion inhibitors
- Very economical to use.
- Available in 20lt and 200lt drums. Bulk deliveries can be arranged.

#### **PRODUCT CHARACTERISTICS:**

Bright Pink heavy bodied gel with a mild odour.

**TROJAN** is water soluble at use solutions. pH of 1% solution typically: 12.5

#### **DIRECTIONS FOR USE:**

- Generally used at a concentration of 5-10%
- When using a high pressure cleaner, the dose rate is 10-20 gms/litre of water.
- Allow to penetrate for as long as possible.
- Hose or pressure rinse off all residual suds.
- If time permits, chamois the vehicle for a great result.

#### **HANDLING PRECAUTIONS:**

Please consult Material Safety Data Sheet.
